## H.264 compression, less mosaic

Vico-TF1 applies new H.264 compression chipset. It provides the same image quality as DVD(Blue-Ray Disc) level's. It captures every moment with most details.

## F2.0 Big Aperture Lens

Vico-TF1 applies F2.0 big aperture lens, which increases incoming lights with better brightness.

## Emergency record never drops

Press orange button upon emergency; Vico-TF1 will save 30 second video before and after the moment. This file will be reserved without being recycled.

## FULL HD, simply more details

Full HD video displays more details of the recorded scene. You never miss the scenery while driving through

## Image inverse makes versatile

With image inverse function, Vico-TF1 can adhere to front window or to dashboard

## One-snap time for installation

Vico-TF1 contains one quick mounting bracket, which makes installation and removal in one-snap time.

## 120° sees more

Vico-TF1 applies high resolution 120° view-angle lens. The field through front window is completely recorded.

## Seamless record captures every second

Vico-TF1 captures every moment with high quality video. The high performance compression chipset ensures seamless record. Not a second will drop.

## Larger monitor, clearer display

2.4" LCD monitor makes it easy to alter the field of view, change the settings, and make instant display.

## Temp-park motion record

Vico-TF1 has built-in Li-ion battery, which enables motion detection and starts recording during temporary parking period.

## Share "me-featured" video

Vico Tag embeds your name into video and let you share the video with unique origin

## G-Sensor, detects impact

Built-in 3 Axis G-Sensor will detect impact and trigger emergency record automatically.
