

WHY YOU NEED A DASH CAMERA

Have you, a loved one, or anyone else you know ever been involved in, or experienced, any of the following?

<p>ACCIDENT: Victim? Witness?</p>	<p>ROAD RAGE: Victim? Witness?</p>	<p>HIJACKING: Victim? Witness?</p>	<p>"SMASH & GRAB": Victim? Witness?</p>
			

<p>INSURANCE CLAIMS: Did you get the feeling they did not believe you? Did the other driver falsely accuse you of causing the accident?</p>	<p>RANDOM EVENTS: Ever just said "Wish I had that on camera"?</p>	<p>TRIED TO: Remember the registration number of an offensive driver? Used your cellphone to try and film something while you're driving?</p>	<p>VEHICLE DAMAGE: Due to bad road conditions? New potholes?</p>
			

If you answered "Yes" to any of the above, you should seriously consider a dashcam to protect not just yourself, but your whole family as well.
